LOCKJAW

LOCKJAW is a giant teleporting bulldog born of Inhuman experiments on canines. His powers allow him to travel and carry others thousands of miles and even across dimensions. He is a loyal companion of the Inhuman Royal Family.

Following a strange sonic frequency, Lockjaw teleported to Earth, where he encountered former super hero Dennis Dunphy, A.K.A. D-Man. After losing his powers, D-Man has lost his purpose as well. But he just may be finding it again thanks to Lockjaw – and the team of flying hamsters that attacked a seemingly normal dog named Bixby outside of D-Man’s apartment.

Together, D-Man and Lockjaw saved Bixby, who is not, it turns out, a normal dog at all. But when D-Man tried to find out more, Lockjaw teleported the two of them to the Savage Land – right to the feet of Ka-Zar, Lord of the Hidden Jungle!
