

SOLO

A STAR WARS STORY™
Part V

A long time ago in a galaxy far, far away. . . .

Young rogue Han Solo has reunited with his long-lost love, Qi'ra, and together with outlaw Tobias Beckett, the Wookiee Chewbacca, smuggler Lando Calrissian and the navigational droid L3, have stolen a valuable shipment of the hyperfuel coaxium from the mines of Kessel.

But the coaxium is dangerously unstable. If Han can't refine it in time, he and his new allies will meet an explosive end! And that's nothing compared to what Qi'ra's boss, the crime lord Dryden Vos, will do to them should they fail him again.

Although L3 was destroyed during the escape, Han might still make the Kessel Run in time in the *Millennium Falcon*. If they can survive an Imperial blockade first. . . .
