Naomi?
You okay?

Ah!
What is it *made* of, Dad?

Nothing you can find on Earth.

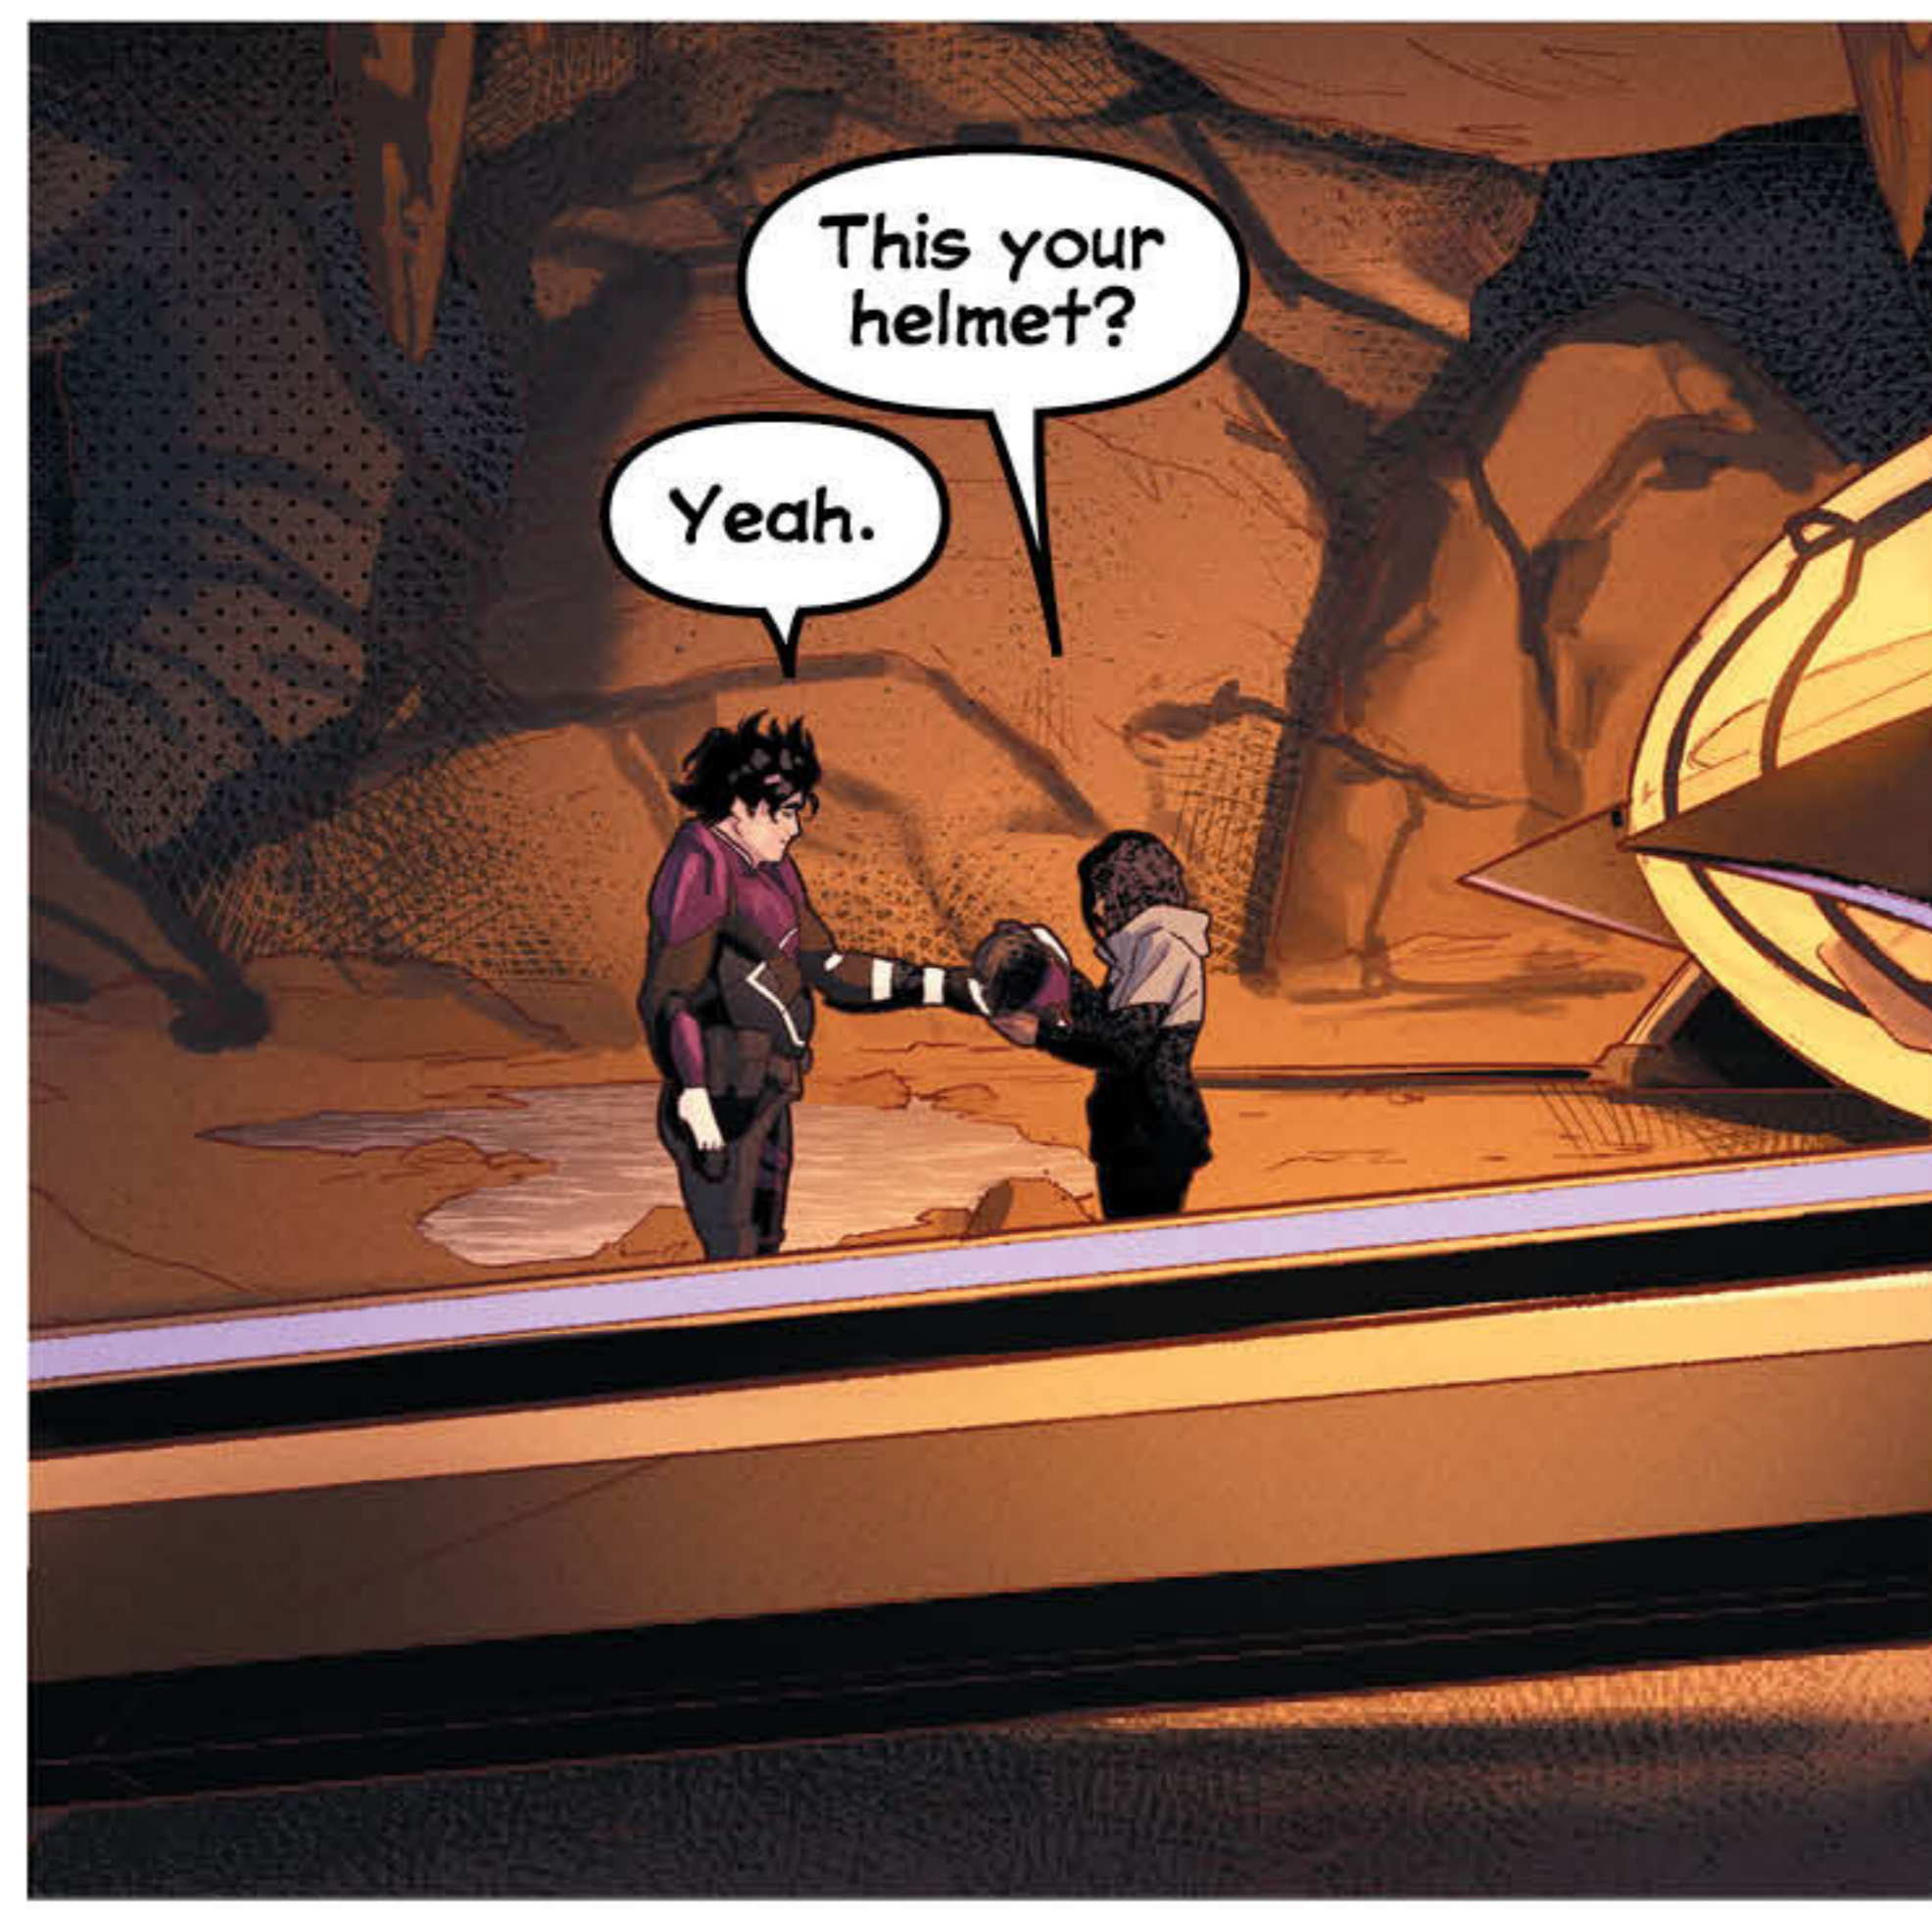

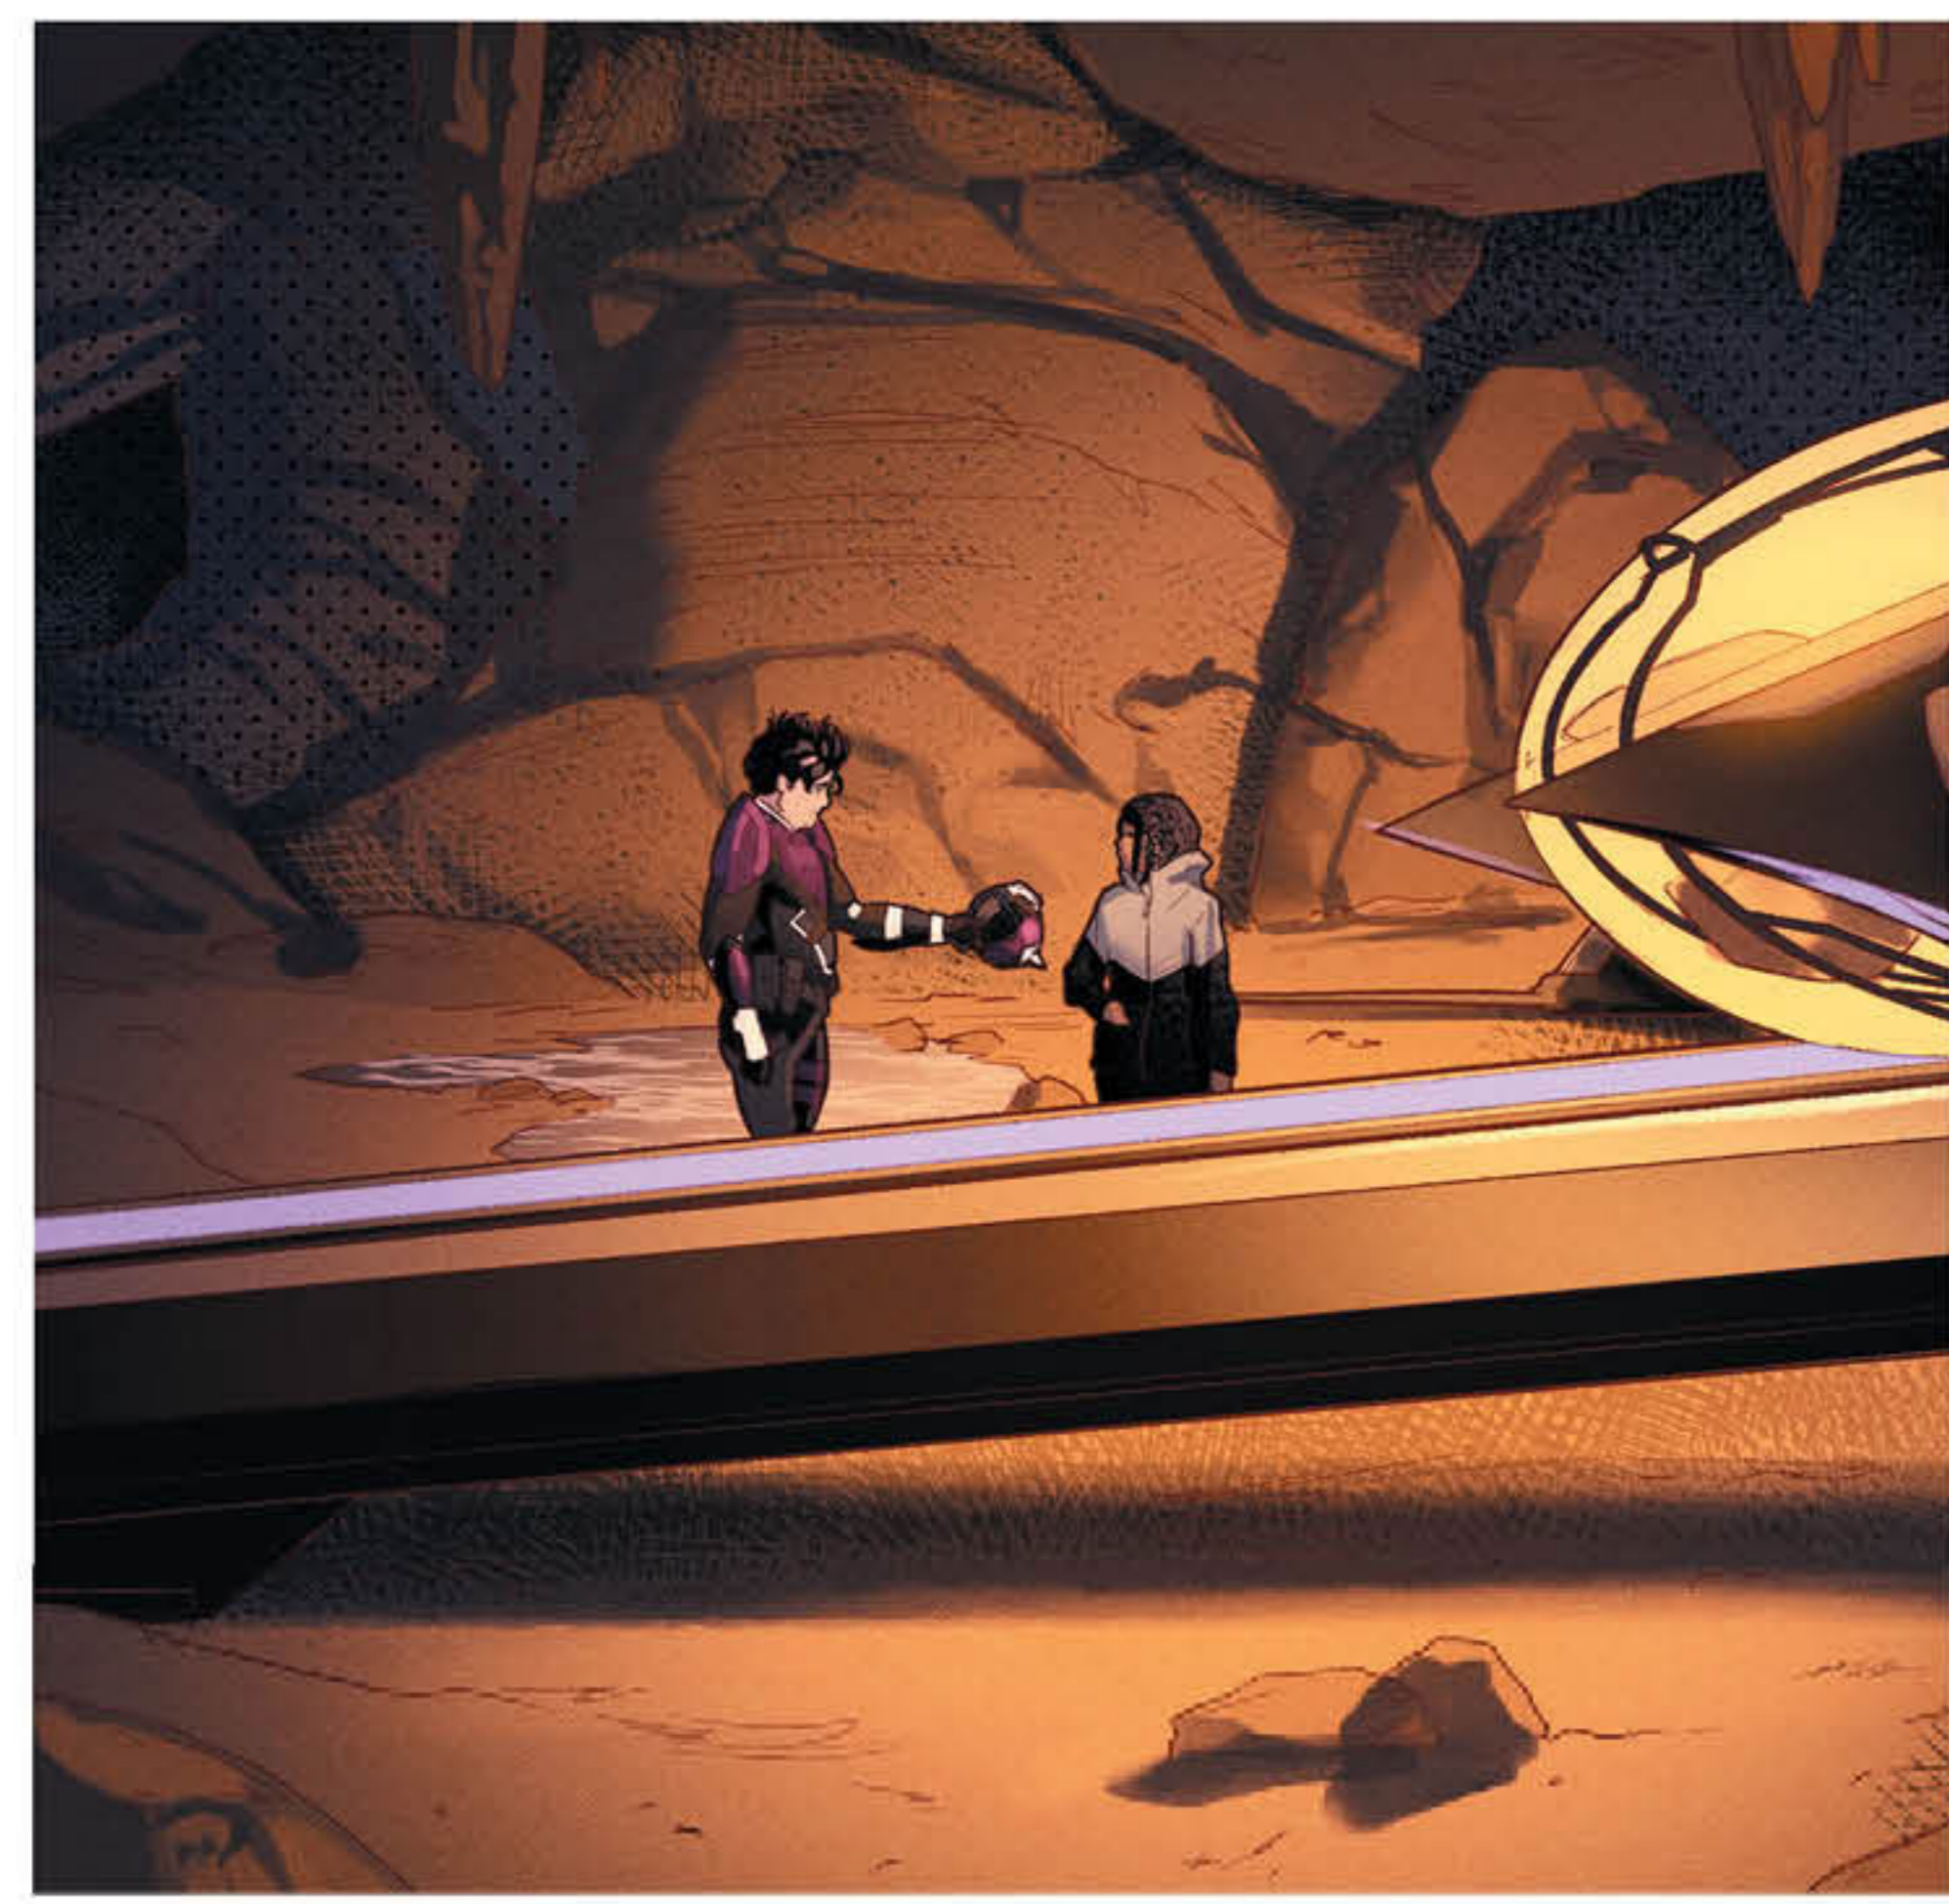

It's weird to touch something not made on Earth.

That was *me*, my entire first year here.

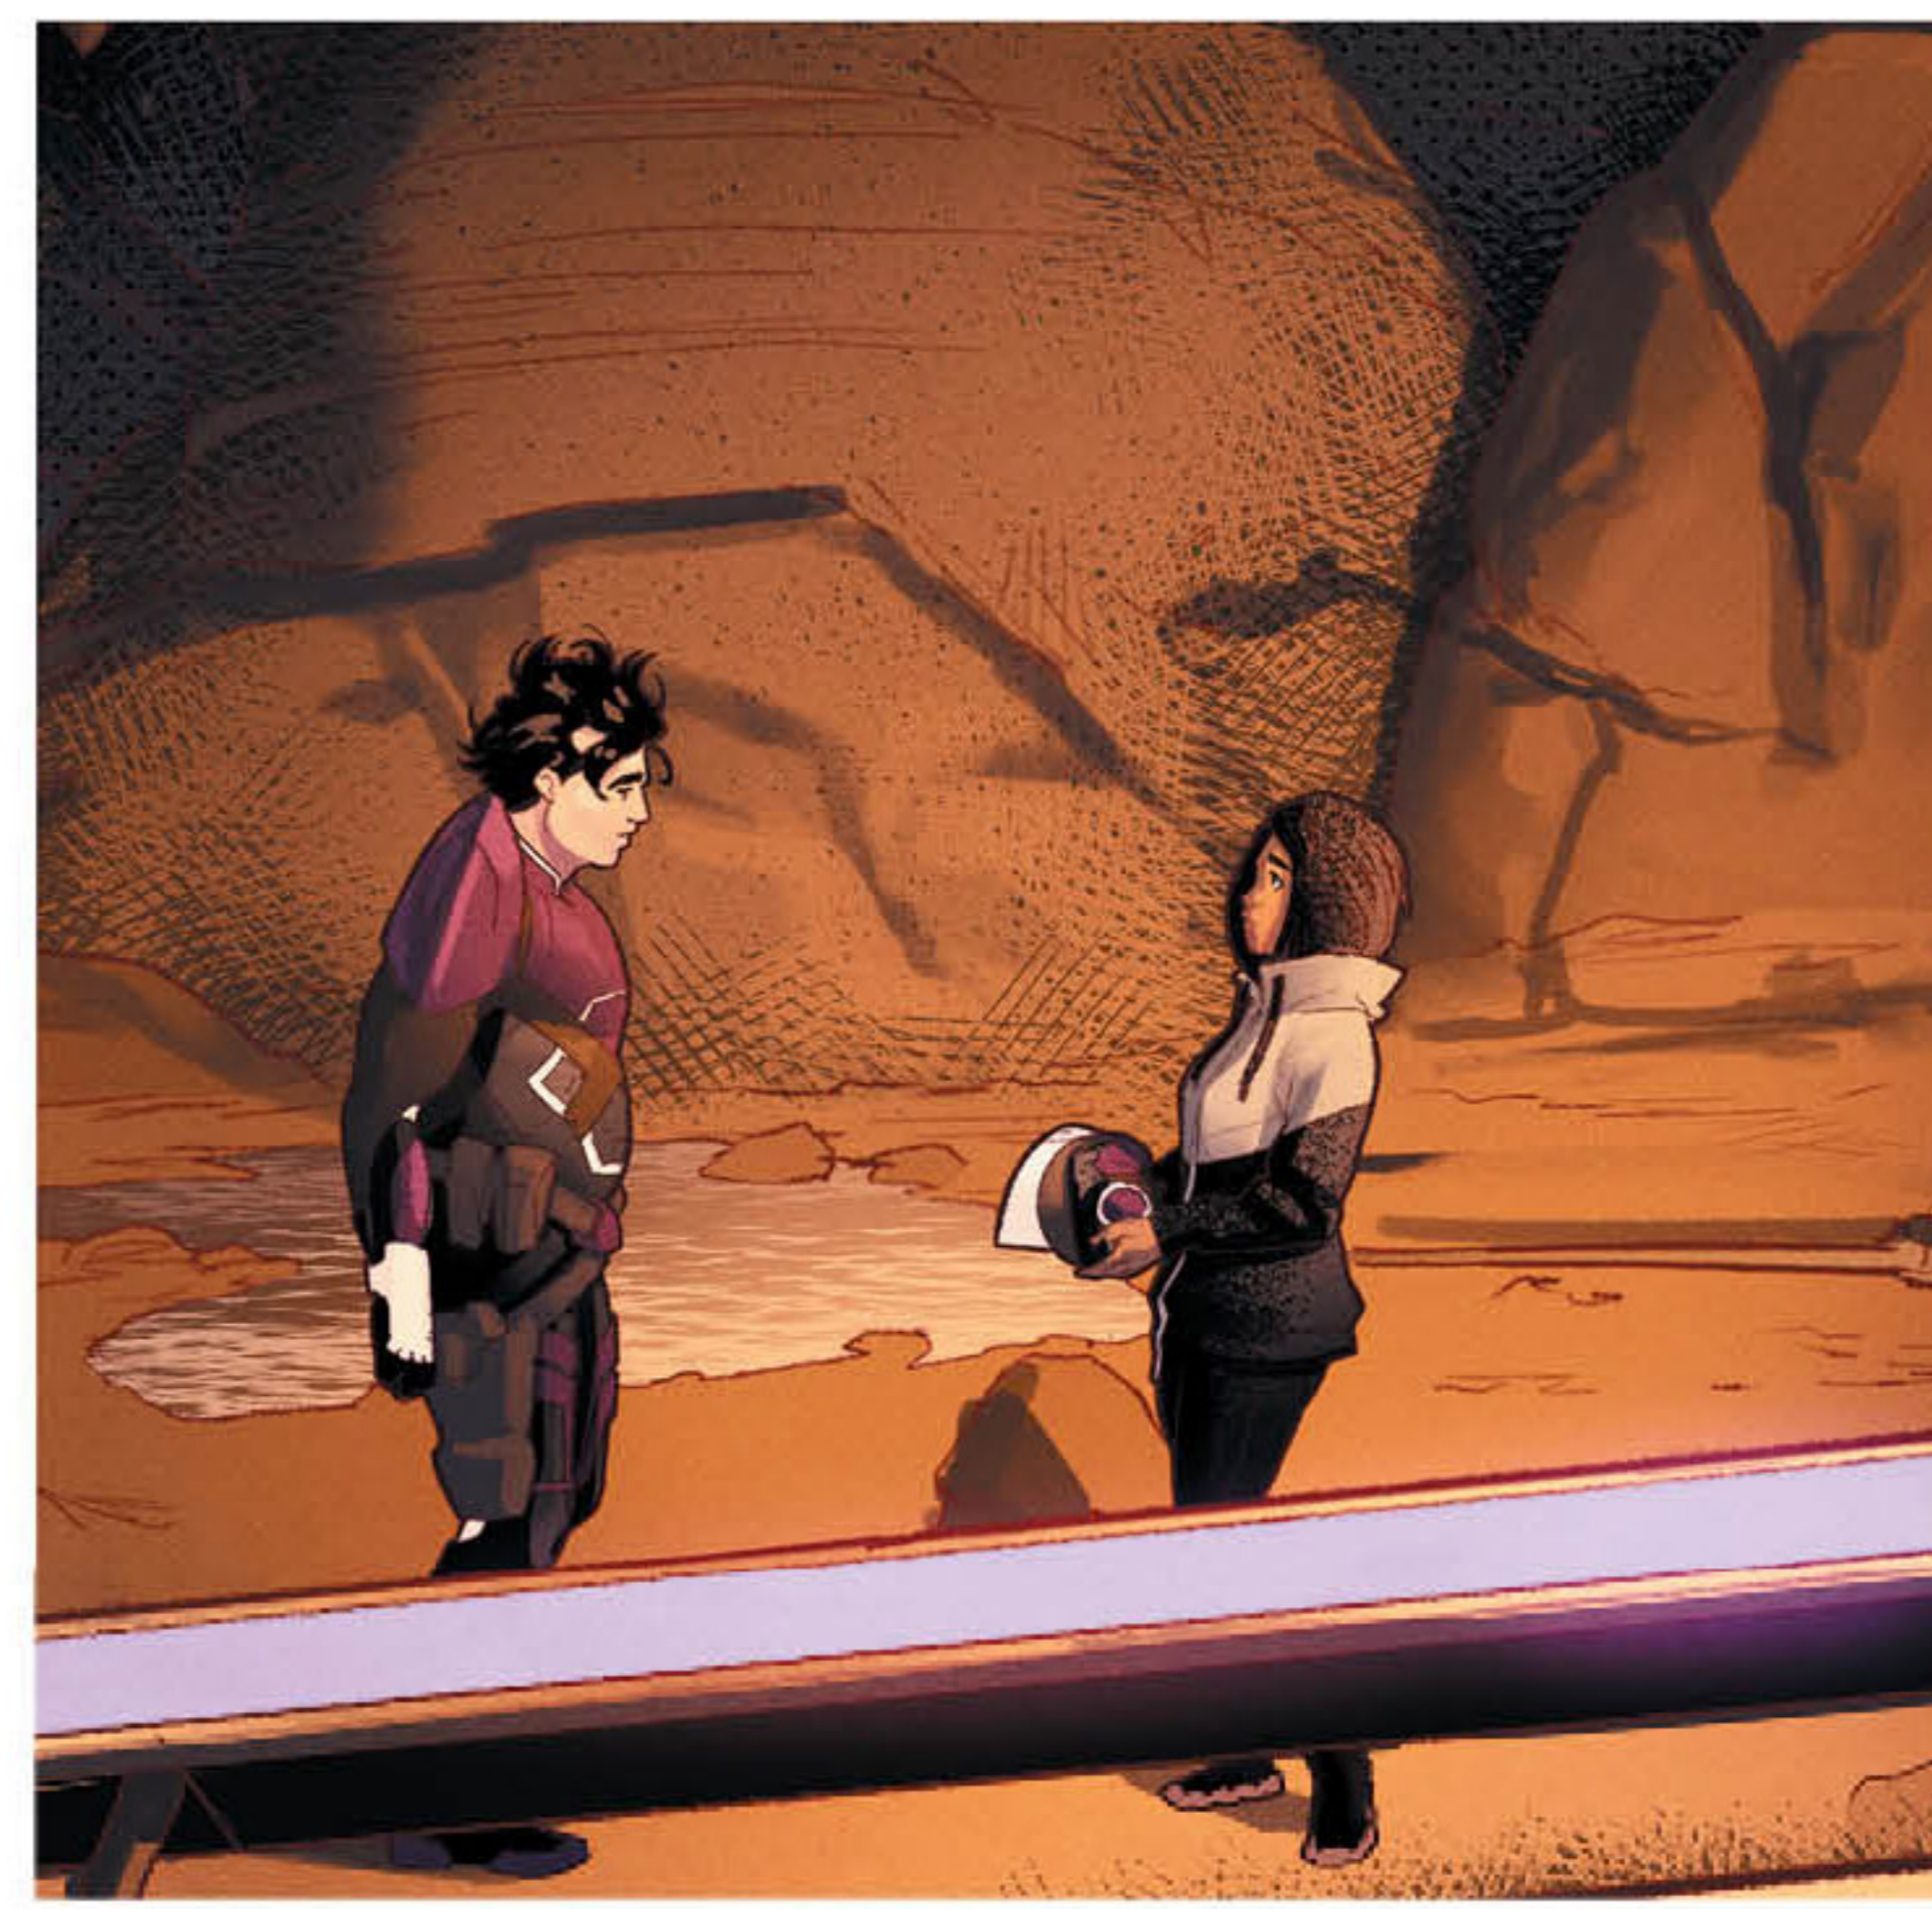

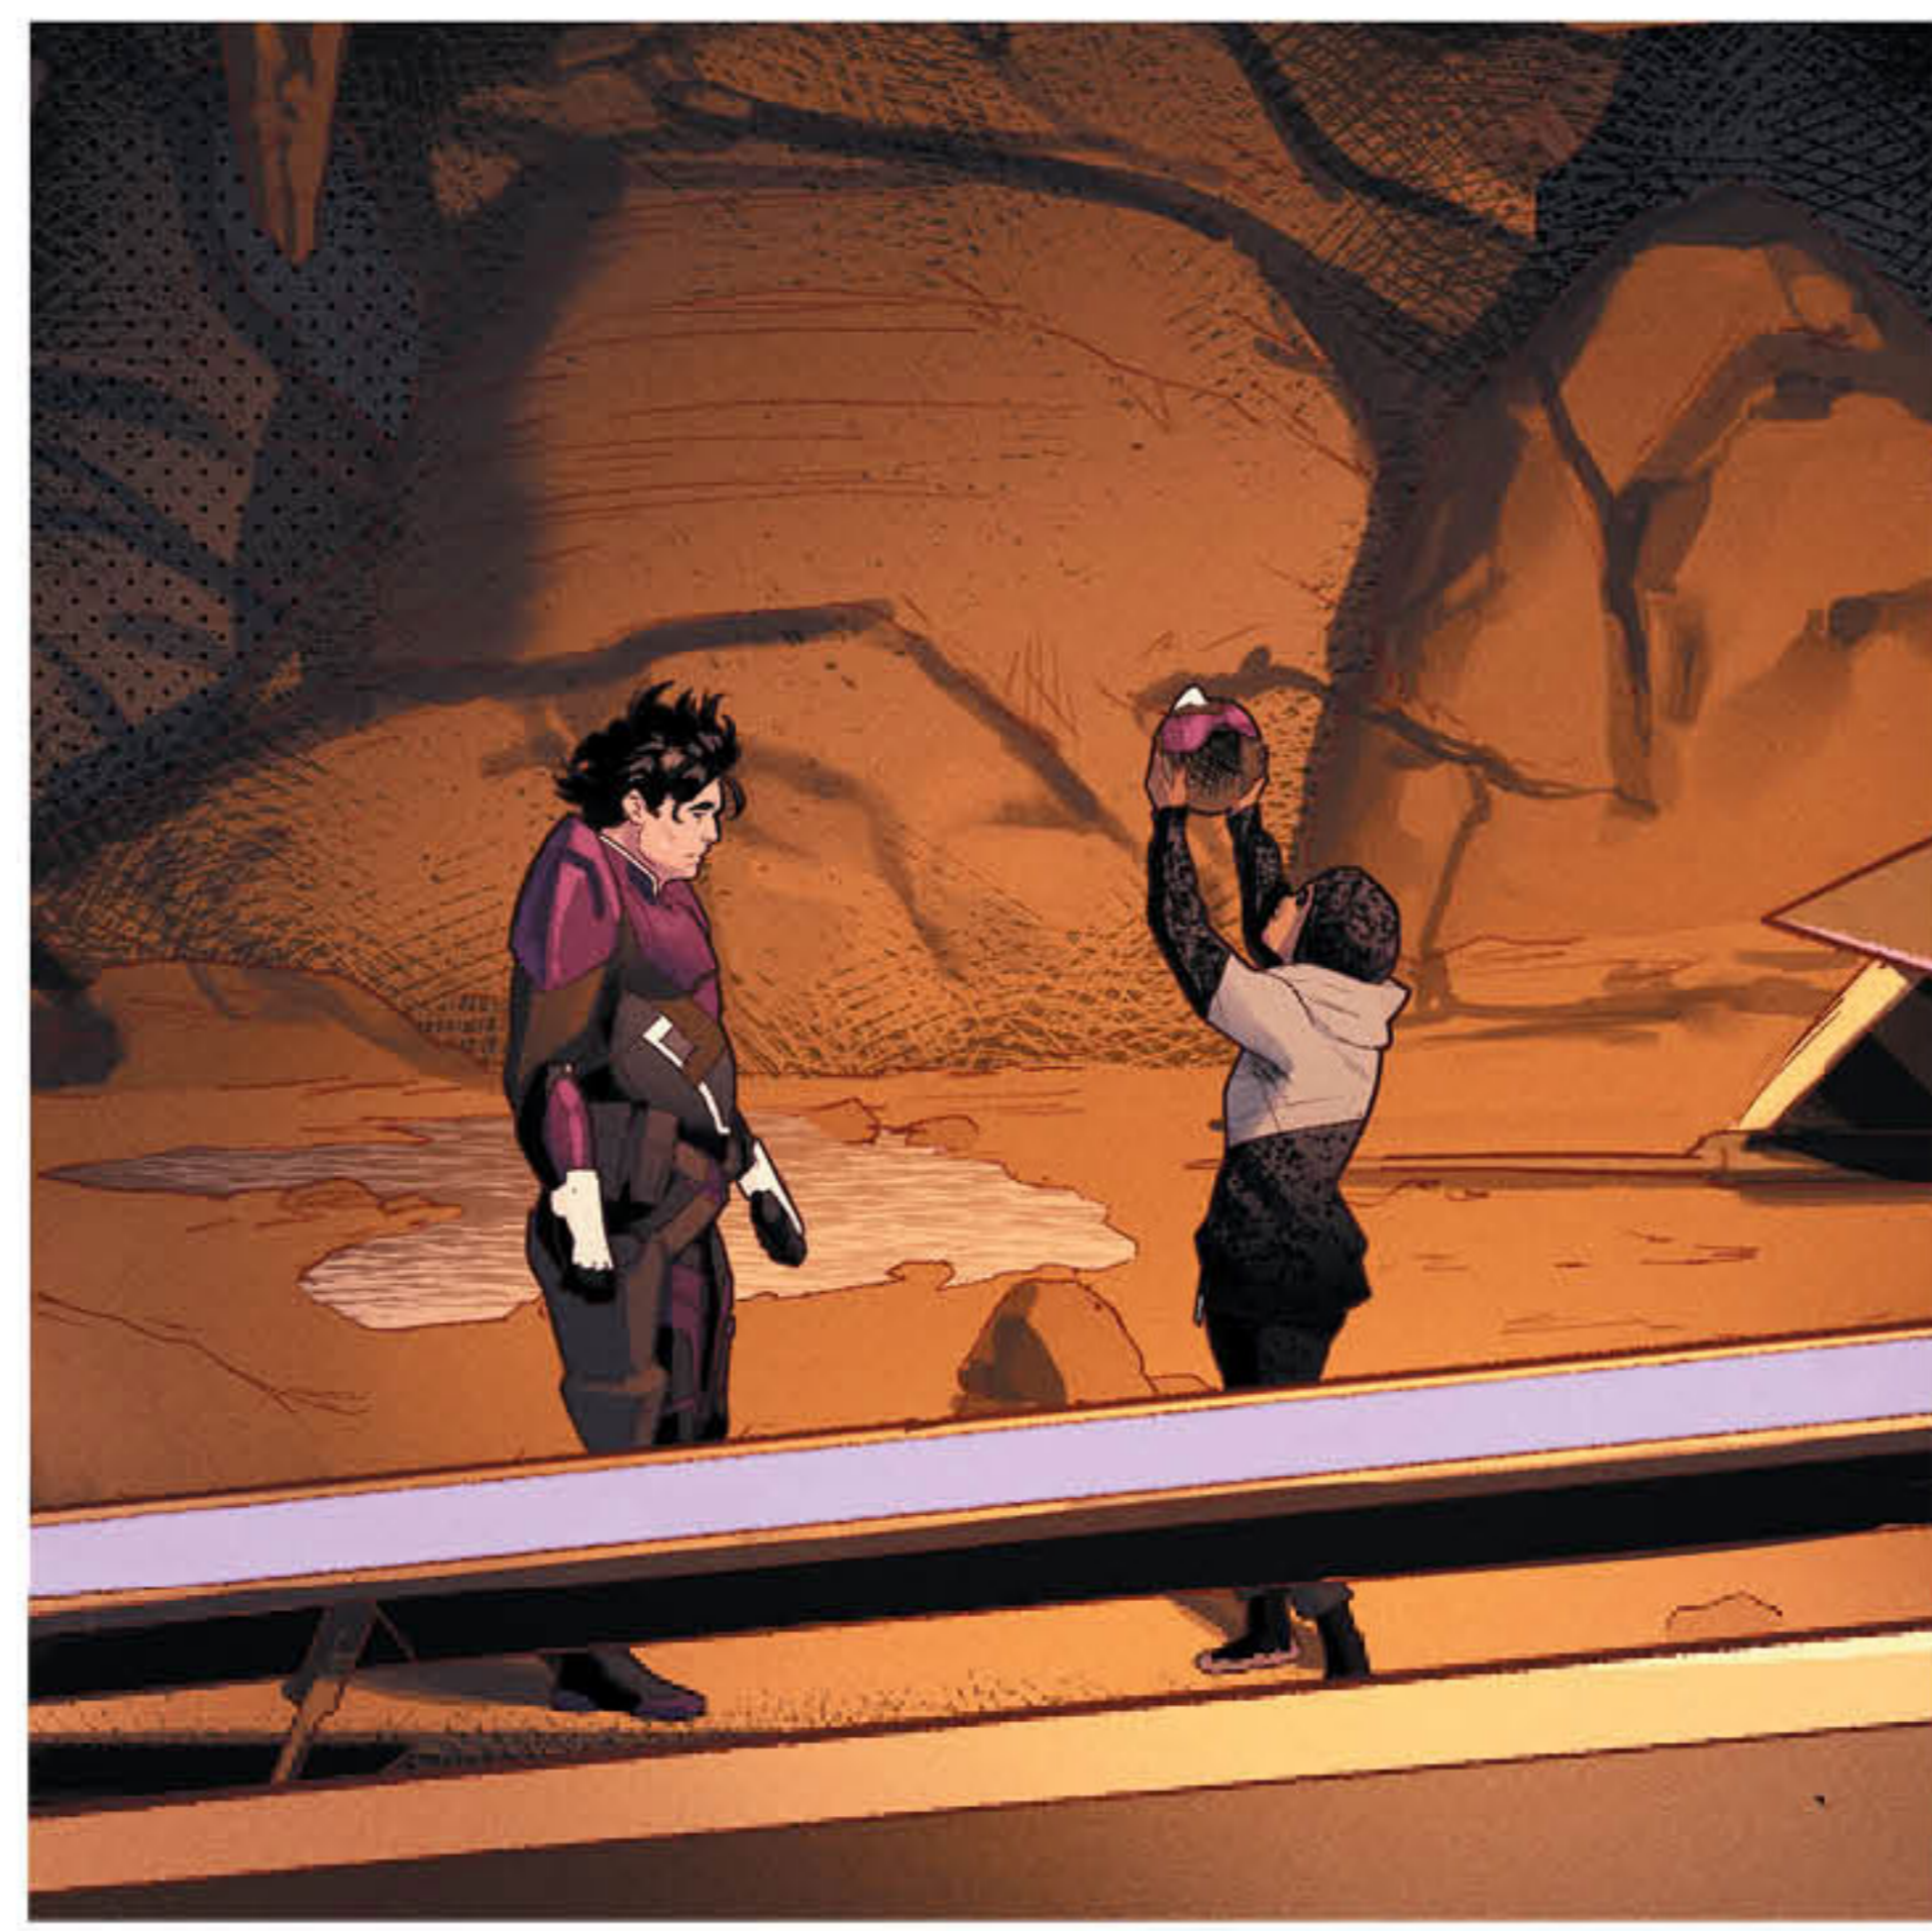

Polyester?

It's insane.

This your helmet?

Yeah.

WHAT THE HELL, DAD?!

Ah, there she is...

Naomi, I have thought about this day for—for so long.

Two months ago I almost pulled you out of school to just have **this talk**.

Like a Band-Aid. Just do it!

This is **your** spaceship.

Yes.

From space.

Yes.

Not mine?

No.

I thought—

I **thought** you were dragging me out here in the middle of the night to show me the spaceship you found **me** in.

Baby, I have to tell you **this** part so you can understand **your** part—

I didn't come from space?

Just— Before you were born...

I came here from a planet called Rann.

"I was a soldier."

"I fought in the first great **Rann/Thanagar War**."

"I fought alongside **Adam Strange** when he was first starting out. **Green Lantern**..."

"Do you know who Adam Strange is? Well he's a big deal. We're friends."

"You'd like him."

"I know that might be hard to imagine... Me fighting."

"It's how I was raised."

"In war."

"In conflict."

"It's the only way I knew."

"And I was, well, this isn't something someone like me would normally say out loud, but, you need to know this, so..."

"I was part of an elite squad."

"I fought with the Green Lanterns."

"I was sent on special assignments."
