THE **Fantastic Four**

A brilliant scientist--his best friend--the woman he loves--and her fiery-tempered kid brother! Together, they braved the unknown terrors of outer space, and were changed by cosmic rays into something more than merely human! And now that the **FANTASTIC FOUR** are reunited, the world will never be the same again!

The Fantastic Four foiled Doctor Doom's plan to steal Galactus' power, defended Yancy Street from the Dark Elf King Malekith's army and are finally coming together as a team. With all the craziness around them, Ben and his new bride, Alicia, haven't been able to go on a honeymoon--until now! They've earned a relaxing break...right?
